The Phenomenological Approach and The Concept of Facets in Homeopathy
Dr Rajagopal

- The concept of "facets" helps us understand that a symptom is facet of a person, but just as a gemstone has many facets, a homeopath must utilize many facets (or symptoms) of a patient to find a homeopathic medicine that will create a curative response.
- This book is a strategy that finds concurrent or combined symptoms that a person is experiencing to find a rubric in a repertory that will have a limited number of remedies, thereby enabling the homoeopath to zero in on the possible simillimum.
